

APPROVED BY THE BOARD 8/9/16

**BURLINGTON BOARD OF SCHOOL COMMISSIONERS
CURRICULUM COMMITTEE MINUTES
July 12, 2016**

Attending Board Members: Chair Susanmarie Harrington; Commissioners Lauren Berrizbeitia, Mark Barlow, and Kat Kleman
Administration: Stephanie Phillips (Director of Curriculum)
Guests: Jeff Wick

1. The meeting was called to order at 5:48 p.m.
2. Approve Agenda

Agenda was approved by consensus.

3. Public Comment.

Jeff Wick asked about the Algebra Seminar being offered to 8th graders and the tradeoffs that students would have to consider. Jeff also wanted to know about science standards and measurement of science achievement.

Senior Director of Curriculum Phillips explained that we have been using NECAP assessment that does not match the Next Generation Science Standards because the state committed to the current test for another year. Jeff suggested that perhaps the Curriculum Committee consider science standards as part of our work.

4. Discussion of Committee's Focus and Annual Calendar

We reviewed topics for committee consideration and considered how we might work on these topics:

- A. Dual Enrollment - Perhaps have Tom Yahn from Windom Regional Collegiate High school present to us. (October)
- B. Proficiency Based Learning and Graduate Expectations - Have HS present

YAW OBENG SUPERINTENDENT

what is currently being done for Proficiency Based Learning and Graduate Expectations (September). Student performance in the context of Proficiency Based Learning (January).

- C. Library Services Re-imagined - How are our schools delivering library services given (November)
- D. Student Performance - Big picture discussion of district student performance. Also elementary school student performance (December). Middle school performance (March).

5. Other Business - None

6. Adjournment

A. *Meeting adjourned by consensus*
