Goal of Strategic Planning Process

The end goal is to have a four-year strategic plan which reflects our community values. This plan will be used to resource District priorities.

Improvement ~ Change

Strategic Planning Process Overview/Timeline

Goal of the Student Forum:

To get input from a variety of stakeholder groups within the student body on what the District priorities should look like over the next four years.

(May 10th, 2016)

Discussion Topics

We will use the Wagon Wheel protocol to answer questions about.

Diversity, Equity and Injustice

Your experience in the district

Round 1

Burlington School District will seek to significantly reduce race/ethnicity, first language background/ELL status, class, ability, sex/gender and sexual orientation as predictors of academic performance, discipline and co-curricular participation.

Round 1 --*Burlington School District will seek to significantly reduce race/ethnicity, first language background/ELL status, class, ability, sex/gender, and sexual orientation as predictors of academic performance, discipline, and co-curricular participation.*

- What have you experienced or seen other students experience relative to injustice or intolerance?
- How should our school address this type of behavior?
- What barriers do you experience in school? (Aspects of student life: types of classes, co-curriculars, tech center, advisory, etc.)
- How do we remove barriers in these different areas?

Round 2 --*My own experience*

- What do I wish school was?
- What do I wish school was not?
- What is the purpose of school?
- What can school do to help you have a positive and meaningful experience? (help it feel purposeful?)

Affinity Mapping

Students prioritize the top ideas by working in groups to move post-its.
